The models EA 117, 118 and 119 are the office swivel chairs of the Aluminium Group. They are equipped with a tilt mechanism that adapts to the user's weight, ensuring excellent comfort. Thanks to a choice of fabric or leather covers in a host of colours, the right chair can be found for any office. The EA 117 and 118 can be distinguished from the EA 119 by their lower backrest.
